REBECCA A. HUMPHRIES
DIRECTOR

August 18, 2008

TO: Rebecca A. Humphries, Director

INFORMATION: Natural Resources Commission

SUBJECT: Fishing Prohibited in Fish Ladders (FO-241) – FOR INFORMATION ONLY

Authority:

The Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, authorizes the Director to provide for better protection and preservation of fish, game and birds.

Discussion and Background:

The attached order prohibits fishing in fish ladders where fish often concentrate during annual spawning migrations. Fishing within a fish ladder gives anglers an unfair advantage, since fish are typically concentrated within a small area. It also creates harassment of fish trying to migrate up through the ladder system. This order has been in place for several years and is well understood by the angling public. The present order is set to expire March 31, 2009. According to recommendations made by biologists, managers, and conservation officers, this order should be renewed with one change. We propose to change the title to "Fishing Prohibited in Fish Ladders" in an attempt to provide a more accurate name for this order.
